Name	startDate	endDate	Owner Name	Content
Interconnected Health - Chicago, April 2012	02/04/12 00:00:00	04/04/12 00:00:00	Thomas Beale	<p>Needham, MA, USA and Ann Arbor, MI, USA and Chicago USA – December 22, 2011 – OMG<sup>®</sup>, Health Level Seven<sup>®</sup> International (HL7), and Healthcare Information and Management Systems Society (HIMSS), today announced the Call for Participation for “Interconnected Health 2012: <i>Enabling Health through High-Impact IT.</i>” The event will be held at the Hyatt Regency O’Hare in Chicago, IL on April 2-4, 2012. Registration and abstract submission details may be found online at <a href="http://www.interconnected-health.com">http://www.interconnected-health.com</a></p> <p>Interconnected Health 2012 will focus on approaches, challenges, and solutions affecting the ability to connect health organizations and systems, and the role of IT as an enabler in achieving this</p>

				<p>connectivity. Geared toward the CxO suite and senior leaders within healthcare organizations, <i>Interconnected Health</i> provides a venue to hear what peer organizations are doing (both within the US and abroad), to exchange ideas, and to interact with peers who are leaders in this space.</p>
<p>MIE 2011 - Oslo, Norway, 28-31 Aug 2011</p>	<p>28/08/11 09:00:00</p>	<p>31/08/11 17:00:00</p>	<p>Thomas Beale</p>	<p>MIE2011 is the 23rd International Conference of EFMI - the European Federation for Medical Informatics, and takes place in Oslo August 28–31 2011. The conference will cover various topics in the area of e-health, health informatics, telemedicine etc. There will also be commercial and scientific exhibitions.</p> <p>The opening day will be at Akershus University Hospital, one of the technologically most advanced hospitals in Europe.</p> <p>See the home page at <a href="http://www.mie2011.org/">http://www.mie2011.org/</a>.</p>

openEHR sessions at HL7 Jan 2011 WGM, Sydney	09/01/11 00:00:00	14/01/11 00:00:00	Thomas Beale	Two openEHR sessions are scheduled at the next HL7 WGM in Sydney, both on Friday 14 January, the last day of the meeting. The first session is 'openEHR - Introduction to openEHR, Archetypes & Templates', 9:00 - 12:30. The second is 'openEHR - Application of openEHR with HL7 & SNOMED'.
MedInfo 2010, 12-15 Sep, Cape Town South Africa	12/09/10 00:00:00	15/09/10 00:00:00	Thomas Beale	<a href="#">MedInfo 2010</a> <sup>3</sup> this year takes place in Cape Town, South Africa. The openEHR-related activities include a clinical modelling workshop and various presentations. See <a href="#">here</a> <sup>4</sup> for details.
8th Medical Open Source Software Seminar (MOSS8) in Tokyo, Oct 31 2009	31/10/09 13:00:00	31/10/09 18:00:00	Thomas Beale	It is a pleasure for us to announce the 8th Medical Open Source Software Seminar (MOSS8) in Tokyo, Japan as follows: <i>Date and Time:</i> October 31, 2009, from 13:00 to 18:00 <i>Location:</i> Waseda University, Building 19, Room 610  <a href="http://www.waseda.jp/jp/campus/">http://www.waseda.jp/jp/campus/</a> <i>Organized by:</i>

				Interoperability - Catalina MARTÍNEZ-COSTA, Marcos MENÁRGUEZ-TORTOSA, Jesualdo Tomás FERNÁNDEZ-BREIS
openEHR at International Free Software Forum, Porto Alegre, Brazil, 24-27 June 2009	24/06/09 10:00:00	27/06/09 17:00:00	Thomas Beale	<p>Tim Cook has been selected as an invited lecturer at the 10th Edition of International Free Software Forum or fis110 [1], to be held at the Pontifícia Universidade Católica (PUC-RS), from June 24th to 27th, 2009, in the city of Porto Alegre, Brazil.</p> <p>This event attracts more than 7,000 free and open source software developers and other participants each year.</p> <p>fis110 is promoted by Projeto Software Livre Brasil (Brazilian Free Software Project), a networked organization of individuals who promote and develop Free</p>

				<p>Software. It's organized by Projeto Software Livre Rio Grande do Sul - regional branch of Projeto Software Livre Brasil[2] - and Associação SoftwareLivre.Org[3], a non-profit organization comprising several of Projeto Software Livre Rio Grande do Sul activists, located at Porto Alegre/RS/Brazil.</p> <p>Past speakers include Novell's Miguel de Icaza, HP's Bdale Garbee, OLPC's Jim Gettys, OSI's Eric Raymond, LI's John "Maddog" Hall, and OpenBSD's Theo De Raadt. We have simultaneous translation into English, and Portuguese as a lot of our attendees are non-brazilians.</p> <p>Tim will be speaking on the fundamentals of openEHR, how and why it</p>
--	--	--	--	---

				<p>is a different approach to semantic interoperability in healthcare application development and the importances of this approach. He will also be demonstrating the Open Source Healthcare Platform (OSHIP) which is based on the openEHR Python reference implementation.</p> <p>[1] <a href="http://fisl.softwarelivre.org/">http://fisl.softwarelivre.org/</a>  [2] <a href="http://softwarelivre.org/">http://softwarelivre.org/</a><sup>6</sup>  [3] <a href="http://associacao.softwarelivre.org/">http://associacao.softwarelivre.org/</a></p>
PatientOS openEHR demo at virtual HIMSS - June 9,10	09/06/09 00:00:00	10/06/09 22:30:00	Thomas Beale	<p><a href="http://www.patientos.com/">PatientOS Inc.</a><sup>8</sup> will be demonstrating with a live system which users can log into, the interoperability between two distinct systems using <a href="http://www.openehr.org/knowledge">openEHR Archetypes</a><sup>9</sup>. You can see and experience a live, hands on demo at the HIMSS Virtual Conference June 9-10.</p> <p>The demo will include</p>
